

MY COMPOUND

Real estate technology
□& seamless electronic payment solutions

payment and property management solution.

My Compound is a cloud platform designed specifically for the real estate market.

We believe in going digital so do our customers.

It provides a real estate management program with high and accurate specifications, services and technologies, and a fast and efficient electronic payment process for tenants.

Introducing "MyCompound: HOA Management Hub" – Your All-in-One Solution for Seamless Community Communication

MyCompound is a revolutionary application designed to empower homeowners associations (HOAs) by streamlining communication, enhancing transparency, and fostering a stronger sense of community within your apartment complex. Our comprehensive features are tailor-made to simplify administrative tasks, ensuring a hassle-free experience for both homeowners and association administrators.

I don't know
who paid and
who didn't.

Writing and tracking
reports is tiring
and it wastes my
.time

My **Compound**, our priority is to reduce the burden on our customers

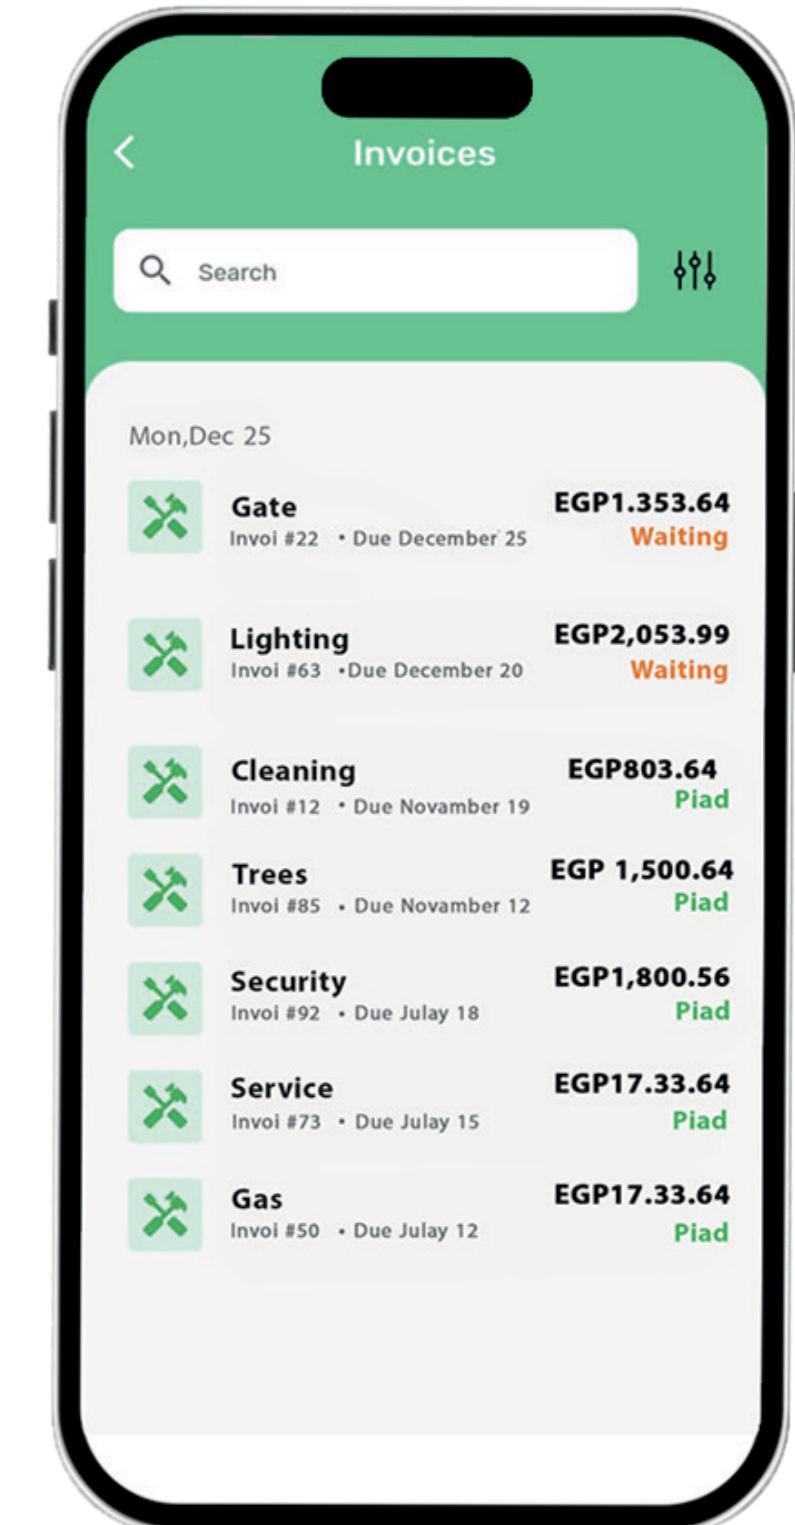

Collecting rent
on time is very
complicated.

I want to manage
my properties in a
modern and
professional way.

Key Features:

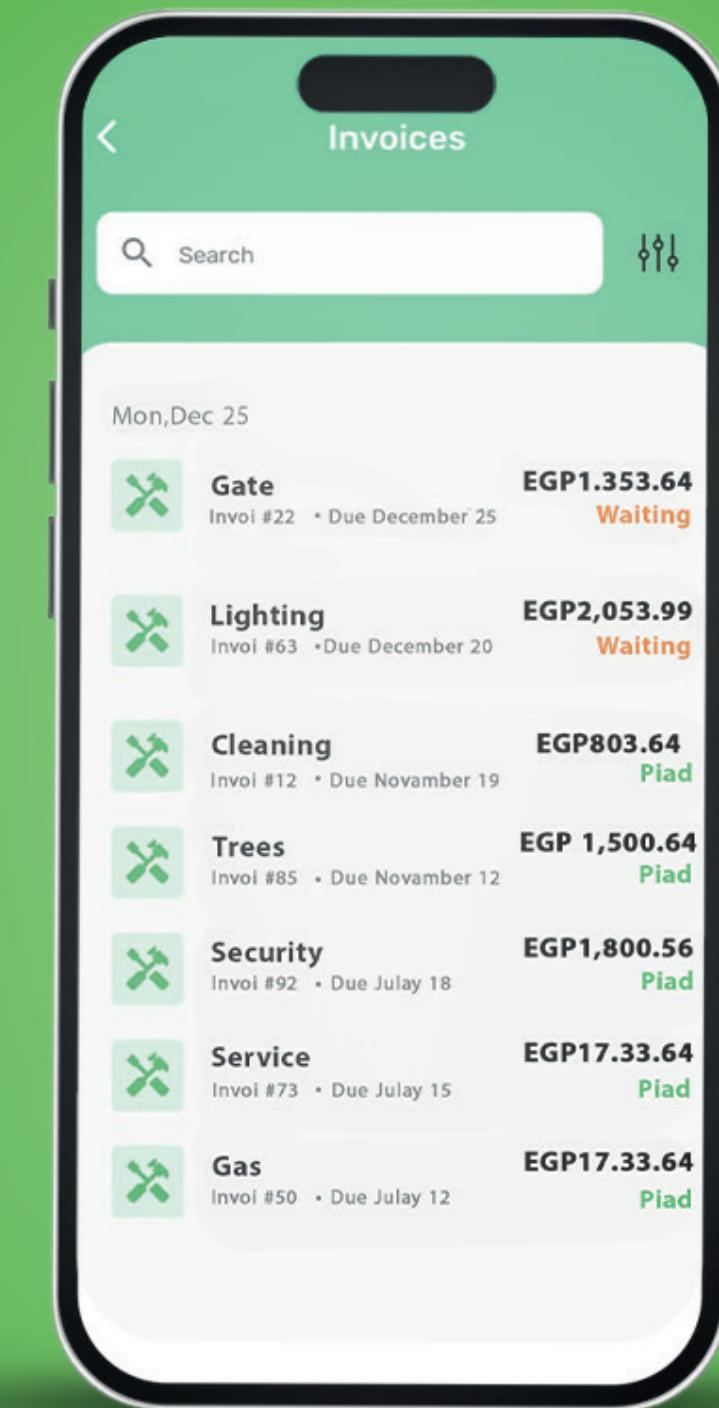

Invoicing and Payment History:

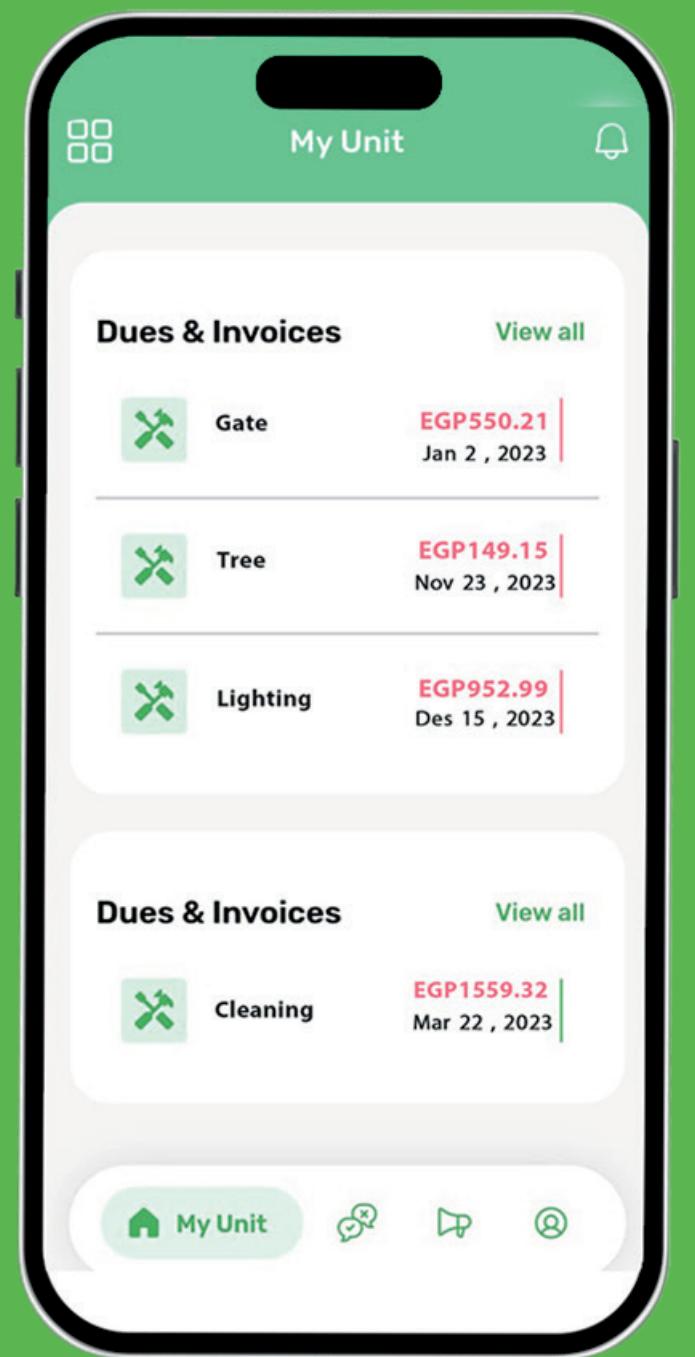

Though black used in contrast—particularly with white or yellow—does create energy, black on its own can be depressing and can dampen the mood.

Reminders and Alerts:

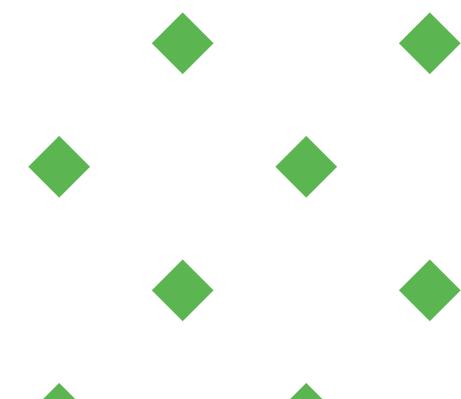

Stay organized and never miss important deadlines. MyCompound sends automated reminders for upcoming payments, community events, and maintenance schedules, ensuring that everyone is on the same page.

Private Messaging:

Facilitate direct communication between homeowners and the association with our private messaging feature. Resolve issues promptly and maintain an open line of communication.

Community Posts and News Feeds:

Coordinate community events effortlessly with a centralized event calendar.

MyCompound allows residents to stay informed about upcoming gatherings, meetings, and social activities.

Emergency Alerts:

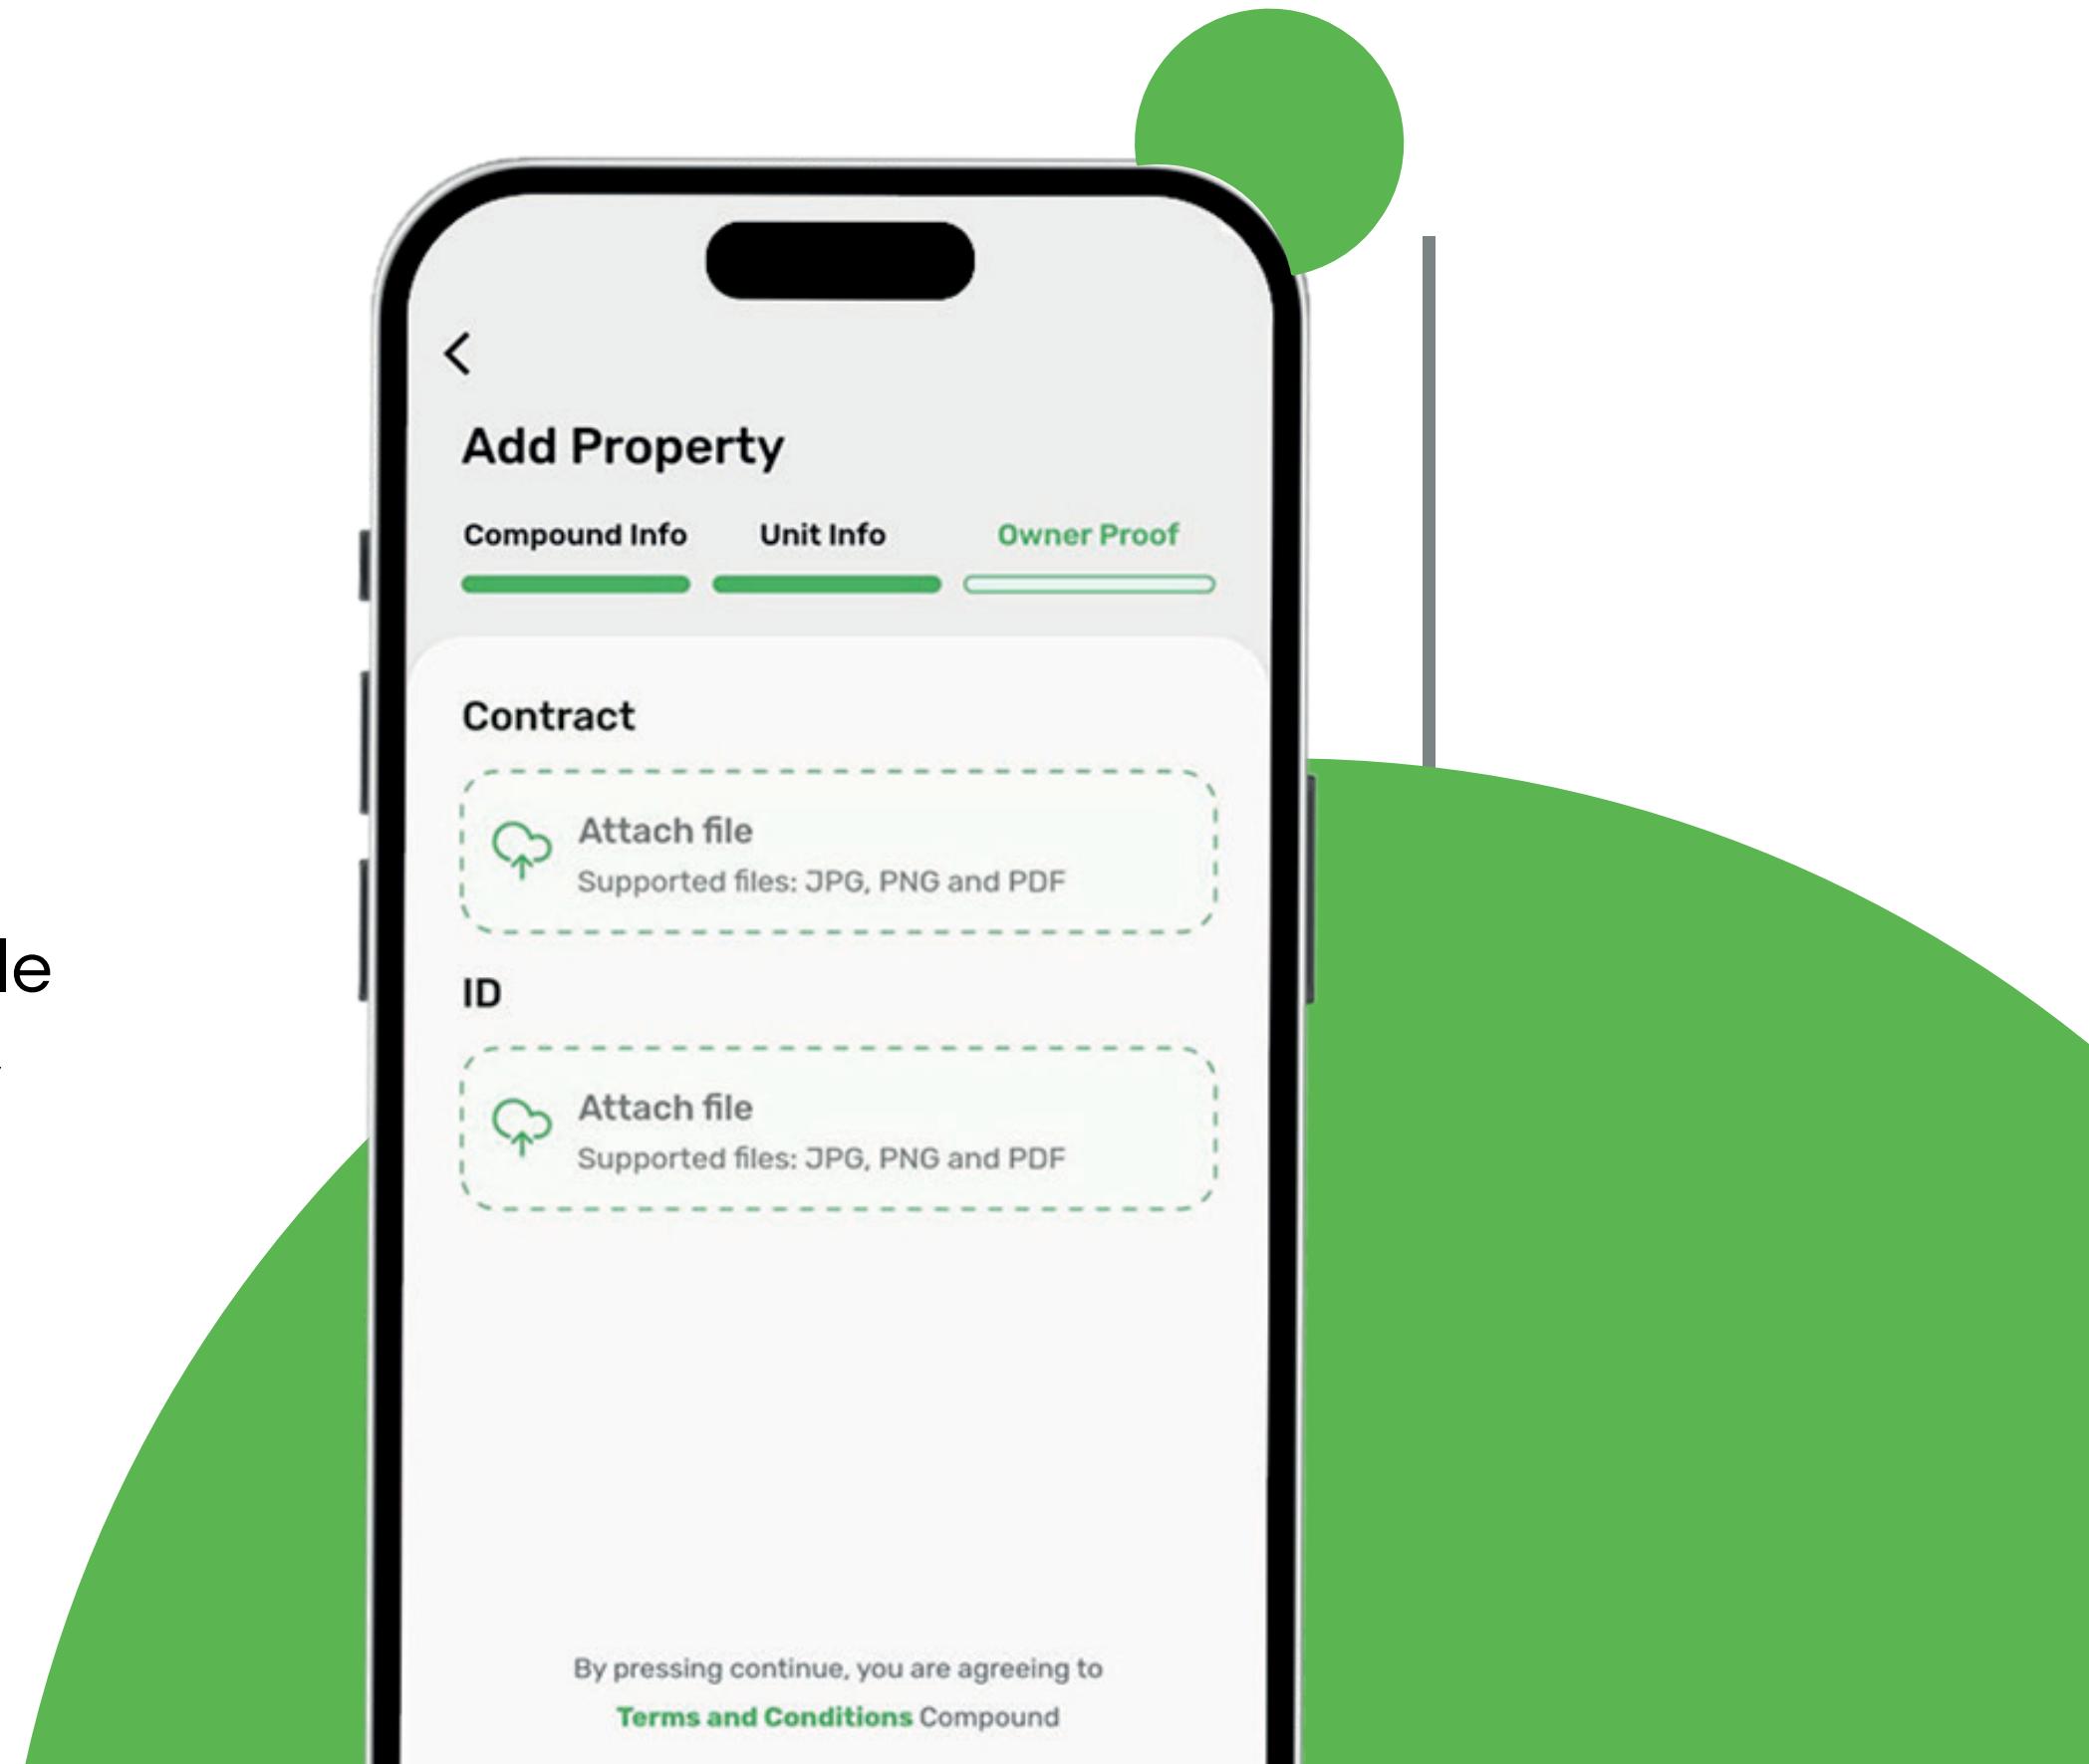

Ensure the safety of your community with our emergency alert feature. Quickly disseminate critical information, such as weather alerts or urgent notices, to all residents in real-time.

Document Repository:

Keep important documents, such as community bylaws, meeting minutes, and other essential files, organized and accessible to authorized users, promoting transparency and easy reference.

MyCompound is the ultimate tool for modern, efficient homeowners association management. By combining essential features in one user-friendly application, we strive to create a connected and thriving community where every resident feels engaged and well-informed. Download MyCompound today and experience the future of HOA management.
